Hi Carmel, and all,

Please see the attached letter to Chairman Greene to offer to have a government-to-government consultation meeting CTWSR Tribal Council with regard to the "Portland Harbor Superfund Site Proposed Plan." This would be the second round of consultation to discuss EPA proposed plan to clean-up the Portland Harbor site. This will be the last opportunity for formal consultation before EPA makes the final decision (Record of Decision, or ROD). The CTWSR have been involved and a MOU participant on Portland Harbor for the past 15 years and I didn't want to see the tribes miss out on this important meeting.

The only available date to meet is July 21 and the meeting would take 1 to 1 ½ hours of time would be at CTWSR.

Participants from EPA: Dennis McLerran, EPA Regional Administrator (Obama Appointee)

James Woolford, EPA Office of Superfund, Washington DC

Jim Woods, EPA Senior Tribal Policy Advisor

Cami Grandinetti, EPA Superfund Lead for Portland Harbor

Sean Sheldrake, EPA Office of Clean-up and EPA Dive Team Lead

It's crucial that that we confirm **today** if the Confederated Tribes of Warm Springs would like to consult with EPA on **July 21, 2016**. This is the only date available so please let me know today and I can make all the necessary travel arrangements for the EPA participants traveling DC and Seattle.

If you have any questions please don't hesitate to call my cell # (b) (6)

Thank you for your immediate attention to this matter,

~Jim
